

Fibra Uno Announces the Completion of Morado Portfolio Acquisition

Mexico City, Mexico, February 1st, 2013 -- Fibra Uno (BMV: FUNO11) (“Fibra Uno” or “Trust F/1401”), Mexico’s first real estate investment trust, announced today that it has completed the titling process with the Public Notary to acquire the 15 properties and transfer the rights to the concession to operate and exploit commercially the maritime terminal and port “Punta Langosta” in Cozumel, Quintana Roo. These properties are known as Morado Portfolio.

About Fibra Uno

Fibra Uno is a Mexican trust formed primarily to acquire, own, develop and operate a broad range of commercial real estate in Mexico, including industrial, retail, office, mixed-use and other properties. Our objective is to return value to the holders of our CBFIs through distribution of our net taxable income. We intend to selectively assemble a diversified portfolio of high-quality, well-located, income-producing commercial properties in Mexico. The Trust began trading on the Mexican stock exchange on March 18, 2011. Currently, it has 279 properties in 29 states in central and southern Mexico, with an approximate GLA of 1,546,958 square meters. Long-term, Fibra Uno has a growing model in which it plans to buy and develop properties and lease them as a source of recurring, reliable income. Under Mexican law, at least 70% of a Fibra’s assets must be invested in or derived from real estate, among other requirements. In addition, a Fibra must also distribute at least 95% of its net taxable income to investors at least once a year. This, combined with the attractive fundamentals of Mexico’s real-estate market and a seasoned management team, make Fibra Uno a unique and compelling investment story.

Fibra Uno is an internally managed by F1 Management, S.C. and externally advised by Fibra Uno Administración S.A. de C.V., a Mexican real estate operator with a management with more than 30 years of experience in the Mexican real estate market.
